### **Factsheet 1.1. Child health-related Sustainable Development Goals (SDGs) and related targets**

SDG 3, “Good Health and Well-Being,” calls on countries to ensure healthy lives and promote well-being for all at all ages, focusing specifically some of the health issues that are still to be addressed at a global level. These should be read together with other relevant SDGs that address the social determinants of health, such as protection from violence or access to water, as shown in the table.

**Target 3.1.** By 2030, reduce the global maternal mortality ratio to less than 70 per 100,000 live births

**Target 3.2.** By 2030, end preventable deaths of newborns and children under 5 years of age, with all countries aiming to reduce neonatal mortality to at least as low as 12 per 1,000 live births and under-5 mortality to at least as low as 25 per 1,000 live births

**Target 3.3.** By 2030, end the epidemics of AIDS, tuberculosis, malaria and neglected tropical diseases and combat hepatitis, water-borne diseases and other communicable diseases

**Target 3.4.** By 2030, reduce by one third premature mortality from non-communicable diseases through prevention and treatment and promote mental health and well-being

**Target 3.5.** Strengthen the prevention and treatment of substance abuse, including narcotic drug abuse and harmful use of alcohol

**Target 3.6.** By 2020, halve the number of global deaths and injuries from road traffic accidents

**Target 3.7.** By 2030, ensure universal access to sexual and reproductive health-care services, including for family planning, information and education, and the integration of reproductive health into national strategies and programmes

**Target 3.8.** Achieve universal health coverage, including financial risk protection, access to quality essential health-care services and access to safe, effective, quality and affordable essential medicines and vaccines for all

**Target 3.9.** By 2030, substantially reduce the number of deaths and illnesses from hazardous chemicals and air, water and soil pollution and contamination

## *The Cultivons l'Empathie Factsheets*

**Target 3.a.** Strengthen the implementation of the World Health Organization Framework Convention on Tobacco Control in all countries, as appropriate

**Target 3.b.** Support the research and development of vaccines and medicines for the communicable and non-communicable diseases that primarily affect developing countries, provide access to affordable essential medicines and vaccines, in accordance with the Doha Declaration on the TRIPS Agreement and Public Health, which affirms the right of developing countries to use to the full the provisions in the Agreement on Trade-Related Aspects of Intellectual Property Rights regarding flexibilities to protect public health, and, in particular, provide access to medicines for all

**Target 3.c.** Substantially increase health financing and the recruitment, development, training and retention of the health workforce in developing countries, especially in least developed countries and small island developing States

**Target 3.d.** Strengthen the capacity of all countries, in particular developing countries, for early warning, risk reduction and management of national and global health risks

**Target 1.a.** Ensure significant mobilization of resources from a variety of sources, including through enhanced development cooperation, in order to provide adequate and predictable means for developing countries, in particular least developed countries, to implement programmes and policies to end poverty in all its dimensions

**Target 2.2.** By 2030, end all forms of malnutrition, including achieving, by 2025, the internationally agreed targets on stunting and wasting in children under 5 years of age, and address the nutritional needs of adolescent girls, pregnant and lactating women and older persons

**Target 5.2.** Eliminate all forms of violence against all women and girls in the public and private spheres, including trafficking and sexual and other types of exploitation

**Target 6.a.** By 2030, expand international cooperation and capacity-building support to developing countries in water- and sanitation-related activities and programmes, including water harvesting, desalination, water efficiency, wastewater treatment, recycling and reuse technologies

**Target 6.1.** By 2030, achieve universal and equitable access to safe and affordable drinking water for all

## *The Cultivons l'Empathie Factsheets*

**Target 6.2.** By 2030, achieve access to adequate and equitable sanitation and hygiene for all and end open defecation, paying special attention to the needs of women and girls and those in vulnerable situations

**Target 7.1.** By 2030, ensure universal access to affordable, reliable and modern energy services

**Target 11.6.** By 2030, reduce the adverse per capita environmental impact of cities, including by paying special attention to air quality and municipal and other waste management

**Target 16.1.** Significantly reduce all forms of violence and related death rates everywhere
